

...HAVE YOU GOT THE OLD CABIN?  
...HAVE YOU GOT THE DAMAGED CABIN?  
...DO YOU REQUIRE A CHANGE?  
SOLUTION « RECOVER » IS JUST FOR YOU...

The company MYLIFT s.r.o. is pleased to present the new «RECOVER» system which, thanks to in-depth studies, special methods of design and verifications, enables to update completely your old cabin and guarantees a pleasant and effective outcome.

Connection of all the elements provides a nearly complete enclosure of all the visible parts and the result is quite different cabin of a new concept.

Diffused light, new panel and mirror increase the aesthetic appearance and enhance the inside cabin comfort.

A wide range of materials and surface coating allows us to satisfy any requirements for a reasonable price.

Usage of materials based on steel makes the cabin robust and durable and also facilitates the cleaning.

The solution «RECOVER» may be extended to the other parts of the elevator such as shaft door and/or supporting structure and also it is possible to add the photocell what makes the result more pleasant and efficient.

The speed of assembly ensures almost continuous operation thus minimize the discomfort of the users caused by the shutdown of the elevator.

For more information contact our staff, we will be glad to prepare the customized solution suitable to your needs.
